

## WHAT MAKES THE GOLF ROOM JUNIOR ACADEMY ELITE?

The Golf Room's Elite Junior Academy is not just about creating great golfers, but great people. Our junior academy is the perfect environment for highly motivated junior golfers looking to take their game to the next level. The Golf Room has assembled some of the nation's best coaches in their respective areas of expertise and put them under one roof. Together, they collaborate and customize each player's program to meet the unique needs of the player in the areas of skill, body, and mind. We leave no stone unturned, allowing each player the greatest possibility to reach their aspirations of playing at their next level.

*"What a huge difference you have made in my son. The academy has dramatically increased his golf swing knowledge, taught him how to practice independently with purpose, and best of all, he is having a blast at The Golf Room. I can't think of a better place for someone to improve"*

Scott Miller – Junior golfer parent

*"I recently met Kyle during the Memorial Tournament and found him to be a solid young man, with a great desire to work hard and excel at whatever he does – a real overachiever...I ask that you give you him a favorable consideration."*

-Jack Nicklaus--

*"Kyle and his team have built The Golf Room with your development in mind. To have that knowledge and access on a year round basis is enormous."*

-Kevin Streelman – Two Time PGA Tour Champion-

## HELPING SHAPE CHARACTER:

We help out junior golfers become not just great golfers but, more importantly, great people. During their 48+ hours per month of coaching, each junior is evaluated and graded not only on their competency on the course, but off the course as well. Graded on effective habits and traits to be successful in life, such as responsibility and communication skills, we strive to help positively affect the trajectory of every junior's life upon the completion of the academy.

## TEAM COACHING APPROACH:

Our Tour-proven coaching model, similar to that of the world's best Tour professionals, allows your junior to be surrounded day in and day out with some of the game's best minds. All coaches collaborate to ensure that your junior's swing lessons are being completed and reinforced by their workouts in the gym as well as their performance work on the course. Each facet – skill, body, and mind- is seamlessly woven together to provide your junior with the same holistic team method as a Tour Player.

## NO STONE LEFT UNTURNED:

Our academy setting allows us to spend up to 12 hours per week with your junior. This gives us ample time to methodically go through the game of golf top to bottom, teaching your son/daughter how to truly become an elite player. From course management to nutrition planning, tournament scheduling to creating a custom practice plan, down to how to effectively breathe while walking down the fairway, the instruction your junior will receive at The Golf Room Junior Academy will be more thorough and extensive than anywhere else in the country. Your junior will enter college golf years ahead of their peers in terms of golf preparedness and make them a prime candidate for a college coach.

## FREQUENTLY ASK QUESTIONS:

### When is it?

The winter academy runs for 6 months November to May with a lighter summer program running from May through October.

### What is the typical schedule?

For the High School program, all players will come to The Golf Room Monday – Thursday starting right after school to 6:00 PM. During those days your junior will receive supervised instruction everyday in either one of our 6 Trackman hitting bays or on our 3,200 indoor putting/chipping green. They will also have scheduled individualized workouts as well as set time to work on their mental performance training. Junior High players receive one day of training for 2-3 hours, 2 workouts per week, and regular visits with Dr. Kays to work on their mental performance state.

### Do you practice outside?

Yes, when the weather breaks, we move to our outdoor location for on-course playing lessons and short game work, in addition to skill motor pattern training.

### Is there an application and interview process?

Yes, due to the overwhelming demand on the academy, lead coach Kyle Morris sits down with each golfer and their family to determine if this is the best path for that junior. Spots go fast and are first come first serve with a limit on space available. Email [Kmorris@thegolfroom.com](mailto:Kmorris@thegolfroom.com) to schedule.

### What types of players are accepted?

Passionate ones! We love players that love golf. We find that if the player loves the game, making them really good is quite easy. However if they do not, it can be a long winter.
